

NEW YORK GIVES ITS PRIMARY ELECTION LAW FIRST TRIAL

Party Leaders Estimate That
Little More Than 50 Per
Cent of Enrolment is Com-
ing Out.

NEW YORK, Sept. 28.—New York State is trying a primary election today for the first time. Although the European war has prevented the usual publicity there is much interest. The party leaders estimate that a little more than 50 per cent. vote of enrolment is being cast out. The State enrolment in all parties is 1,200,000 and 1,611,572 voted for Governor in 1912.

The party chiefs admit frankly the issue is uncertain in most cases. There are two Democratic aspirants for the gubernatorial nomination, three Republicans and two Progressives. There are three each in the ranks of Republican and Democratic would-be successors of Elihu Root, and one Progressive.

Besides these, the State votes for Lieutenant Governor, Secretary of State, Comptroller, Attorney General, Treasurer, Engineer and Surveyor, Court of Appeals and Supreme Court candidates; State Senators and Assemblymen and a few others.

Most of the Republican Organization supports Charles S. Whitman for Governor. He is the New York City District Attorney who prosecuted the police grafters. But the "Odell crowd" is behind Harvey D. Hinman, who is strong up-State. Job E. Hedges is also running.

Theodore Roosevelt is holding Frederick M. Davenport, while William Sulzer, the deposed Governor, has a strong third party following.

Governor Martin Glynn, with the Murphy backing, and John A. Hennessy, supported by the Wilson men, are going it hammer and tongs for the Democratic nomination. Hennessy is endorsed also by Mr. Roosevelt.

In the race for United States Senator Elihu Root's place James Wadsworth, William M. Calder and David Jayne Hill are the Republican entries. Mr. Wadsworth is strong in the north and Mr. Calder in the south, while Mr. Hill, a former Ambassador to Berlin, has high standing.

There is a curious situation in the Democratic Senatorial race. Franklin D. Roosevelt, United States Assistant Secretary of State, and James V. Gerard, United States Ambassador to Berlin, are the candidates. They were both appointed to their present position by President Wilson and are considered Wilson men.

Mr. Gerard has the backing of Tammany Hall.

All the candidates for Governor professed to be confident of success. John A. Hennessy declared he was certain the "Tammany crowd" would attempt frauds in certain districts, however. It is believed the result will be definitely determined by midnight.

Other day or two. Secretary of State Mr. Roosevelt may also be known by that time, but complete returns for other officials may not be known before.

OCTOBER 3 LAST DAY FOR VOTERS TO REGISTER

Nearly 200,000 City Electors Must
Qualify Then or Lose Privilege.

October 3 will be the last opportunity for nearly 200,000 unregistered citizens in Philadelphia to qualify for the November election. The division registrars' records show that there are 27,577 citizens qualified to vote. In the two registered days already held this year only 182,510 qualified, leaving 197,067 who will lose their right of franchise unless they register October 3.

An urgent appeal for every independent citizen to register and come to the polls in order that Penrose may be defeated has been sent out from the Washington party headquarters. Two hundred thousand cards pointing out the importance of registration on October 3 have been printed and will be distributed in every election division in the city.

Several ministers in the city took occasion yesterday to urge every man in the city to register and take a stand for the candidates pledged to the advancement of the people. Among these ministers were the Rev. Peter C. Wright, of the Bethel Baptist Church, Eighteenth street and Columbia avenue, and the Rev. John Wiley, of the Oxford Presbyterian Church, Broad and Oxford streets.

CONGRESS FACES BUSY WEEK
IN BOTH BRANCHES

Anti-trust, War Tax and Philippine
Bills to Be Considered.

WASHINGTON, Sept. 28.—A week chock full of work faced Congress today. Disposition of the Clayton anti-trust bill in both houses, the "war tax" bill in the Senate and the Philippine independence bill in the House were the features of the legislative menu.

Chairman Cullerton, of the Senate Judiciary Committee, planned call up the conference report on the Clayton bill in the Senate today. Opposition of Senator Reed, of Missouri, to the modifications made by the conference committee was smoothed out with White House intervention.

The Senate Finance Committee today worked on the war tax bill. It seemed certain that a horsepower tax on automobiles would be the principal Senate change, in substitution for the House tax on gasoline.

Prospects of adjournment were discussed today by Democratic leaders. The President's interest in the passage of the Government ship purchase bill, which has strong opposition in both houses, appeared the principal obstacle to early adjournment.

a Membership Campaign.

WILMINGTON, Del., Sept. 28.—Tomorrow the Wilmington Chamber of Commerce starts a campaign to increase its membership from 650 to 1000. Committees of business men will carry on the campaign to property boost the city.

The recent harmony dinner, which aroused much enthusiasm, was part of the campaign to secure members. The mercantile section alone will endeavor to get 1000 members, who will be asked to join for three years to furnish funds to carry on the new work the body has planned.

MRS. SEATON'S TRIAL BEGINS

She Is Accused of Slaying Her Actor
Husband.

HACKENSACK, N. J., Sept. 28.—Mrs. Alice L. Seaton will be placed on trial here today on the charge of slaying her husband, Frederick R. Seaton, an actor, in their home at Bogota, N. J., August 15.

The evidence is purely circumstantial. Seaton, formerly with George M. Cohan's company, was found dead on his back porch. Two men, Charles W. Wolf and John Kelly, heard pistol shots and saw Seaton reel and fall. Mrs. Seaton was found unconscious nearby and a pistol lay a foot from Seaton's body.

The convention is to be assembled in this city November 17. It is expected that much attention upon this occasion will be given to the subject of the physical valuation of the railroads of the United States.

REAL RESCUE IN "MOVIES"

Earl Williams, Seized With Cramps,
Taken From South River.

NEW YORK, Sept. 28.—Earl Williams, one of the Vitaphone Company's leading men, and Miss Rose Doogan, an extra, were rescued from the South River at Milltown, N. J., yesterday, after the staging of a \$20,000 film production.

A locomotive and three cars crashed through a bridge into the river. The heroine, Miss Anita Stewart, was supposed to be rescued by Williams. Williams was stricken with cramps and yelled for help. He clung to a beam till help came. Two other actors rescued Miss Doogan.

One of the camera men was "temporarily drowned" by the water of the colossal splash.

CHICAGO, Sept. 28.—Mrs. Antoinette Funk, prominent Illinois suffragist, was arrested at Minn. N. TRIO OF AVIATORS IN MID-AIR BATTLE WITH HAIL OF SHOTS

German Airman on Recon-
noitre Near Lille, Narrow-
ly Escapes English Biplane
and French Blériot.

ROTTERDAM, Sept. 28.

A Dutchman who has just returned from Aix-la-Chapelle gives a thrilling story of an exciting three-cornered duel in mid-air fought a few days ago by the occupants of three airplanes—German, English and French. The story was related to him by the German officer, who narrowly escaped death after an experience which he does not desire repeated.

"Some days ago," this officer said, "I was instructed to do some important reconnoitering in the northern district of France, especially near Lille and Maubeuge. I left Belgium in my Taube biplane with a mechanic.

"While I was flying in France I suddenly heard the noise of an aeroplane, which I soon recognized as a British military Bristol biplane, which had come to fight us. Our first tactics were to prevent the Bristol climbing higher than us, but the British machine was cleverly handled, and soon was 150 yards over us.

"Several attempts were made by us to fly higher, but the British aeroplane checked them all. It was evident that each of us feared that the other would drop bombs on him. Meanwhile we had prudently turned northward, hoping to reach the German camp before the Englishman damaged us or forced us to land. The Bristol was coming closer and closer,

and we felt like a bird on which a vulture was going to pounce.

"I said to my mechanic: 'I think our last hour has come.' He answered with a laugh: 'Rather our last half-hour.' I am sure that if the Englishman had any bombs aboard I would not be here to tell the tale, but fortunately he had none. He could not have missed us, as owing to his clever steering, he was about 50 yards over us."

In this trying situation the German officer, though expecting to be shot or dashed to earth at any moment, did not lose his nerve. He handled his craft with cleverness and care, following every movement of his adversary by a counter movement of his ship. "These, I can tell you, were terrible moments," he said. "We fired our automatic revolvers at the enemy and he responded vigorously. Our machine was hit several times, but not in vital parts. The wings show many revolver bullet holes.

"We were nearing the Belgian boundary when I saw a small Blériot monoplane come to the aid of the Bristol. The French aircraft reached 1000 feet in no time, and then began flying in concentric circles around us, always drawing nearer, and the three machines engaged in an unprecedented duel, firing revolvers continually.

"Our ammunition was nearly exhausted when we heard energetic firing beneath. We had reached a German camp, where our terrible situation was apparently realized, and our soldiers were firing on the two enemy flying machines in order to cover our retreat and descent.

"We were saved, but, needless to say, I did not reconnoiter work that day."

CYCLIST CUT RAILROAD
LINE, MONS TO BRUSSELS

Sent Three Trains Hurling Into
Severed Viaduct.

LONDON, Sept. 28.—It was a squad of cyclists that wrecked the bridge at Bierk, says the Exchange Telegraph correspondent, wiring from Blankenberg, Belgium.

"A party of 140 cyclists blew up the viaduct," he says, "but they were surprised by superior force and had to flee. Another party destroyed the railroad, marched into the enemy's lines and placed the three empty trains on the line between Brille and Comte. These were sent away at full speed and crashed into the wrecked viaduct, thus cutting communication between Mons and Brussels."

10,000 IN PEACE PAGEANT TO TOMB OF GENERAL GRANT

New Yorkers, in Patriotic Parade,
Pray for War's End.

NEW YORK, Sept. 28.—More than 10,000 men, women and children of various denominations and nationalities took part in the open air demonstration for peace beneath the shadow of Grant's tomb on Riverside drive.

Patriotic and sacred music was rendered and 10,000 peace banners were tributed to automobilists throughout the city by a committee of women. The monument was draped with American flags and the foundation of the ceremonies.

Many women and girls societies participated in the exercises, and an escort of uniformed veterans of the Civil War placed floral tributes upon the tomb of General Grant and his wife.

BANKER'S HOME BESIEGED
Landlords Tire of Answering De-
positors.

NEW YORK, Sept. 28.—The handsome furnishings of the apartments of Meyer Jarmulowsky, the fugitive East Side banker, will be deposited on the sidewalk today unless called for. Such was the announcement last night of the management of the Bellocque, 355 Fort Washington avenue.

"We are tired of being besieged by hysterical depositors of the closed Jarmulowsky bank," said an agent of the building. "This place had become like a fortress."

To what haven Jarmulowsky fled Saturday night following an especially vicious assault of depositors could not be learned.

The furniture includes many rare pieces purchased when Meyer Jarmulowsky, founder of the bank, was called the "Cossack of Canal Street."

FRANKLIN I. KOHR

Franklin I. Kohr, son of Frank M. Kohr, editor of the National League Banner, died Saturday night. He was 18 years old and had been ill for a short time. Funeral services will be held from the home of his father, 125 West Cumberland street, on Wednesday.

POLICEMAN'S PERSISTENCE RESULTS IN FOUR ARRESTS

Latest Victim of Brutal Attack, He
Finds Alleged Assaultants.

Bravery and persistence displayed by
Policeman Charles Muth, of the Twen-
tieth and Federal streets police station,

resulted early today in the arrest of our men who are alleged to have participated in the fourth attack made the last week on policemen of the district.

Muth, the latest victim of brutal assault, although left lying bleeding and unconscious on the street, recovered sufficiently to drag himself to a hospital, have his wounds treated, go to his station, and, with the aid of Lieutenant Bennett, return later to 22d and Dickinson streets, where the attack had been made, arrest four men and appear against them at a hearing in central station today.

The four defendants are Robert Alcorn, 2044 Dickinson street; William Byrnes, 1001 Morris street; Donald McIlhenney, 1546 South Ringgold street, and Samuel Kelly, 2521 Reed street. Alcorn and McIlhenney are said to be frequent law breakers in the district.

According to Policeman Muth, he was attacked after arresting Alcorn, who refused to vacate a street corner when ordered from the place.

Muth fought valiantly, but was no match for his four antagonists, three of whom attacked him from behind. He was beaten into unconsciousness and left lying in the street. Recovering later, he went to the Polytechnic Hospital, had his injuries dressed and, with Lieutenant Bennett, of the Twentieth and Federal streets station, returned to the scene and arrested three of the men. Alcorn, who at that time could not be found, was arrested later.

WOMAN DEAD IN BATHTUB

Body of Unknown Discovered in a
Rooming House.

NEW YORK, Sept. 28.—A woman, fully dressed except that she had no hat, was found dead, with skull fractured, lying face downward in an empty bathtub at 32 East 34th street, a rooming house, yesterday. No one in the house knew the woman. One roomer, a man, however, is missing.

Child Marvelously Escapes Death
WILMINGTON, Del., Sept. 28.—To drop from the third-story porch roof of a house and suffer only a nervous shock was the experience of Catherine, the 10-year-old daughter of Mr. and Mrs. W. J. Willis, of Franklin street. The child, playing on the porch, lost her balance and fell to the ground. The father and neighbors saw her fall. A physician found shock was the only effect the child suffered.
